WORK EXPERIENCE

Senior Audio Visual Engineer

The Aspen Group (TAG) · Chicago, IL — Sep 2025 to Present

- Designed TAG's asset processes for onboarding, shipping, returns and monthly chargebacks, then built Census to run them.
- Brought 14 outside systems, including Intune, Jamf, CrowdStrike and ServiceNow, into one record per device and cataloged all 48,243 assets.
- Automated FedEx labels from each checkout, chargebacks and other routine work, worth about 314 hours a month at per-task times the team agreed on.
- Connected SHI orders to an onboarding queue that took in 910 assets in its first two weeks.
- Built nightly checks that raise, route and auto-close flags wherever two systems disagree about a device.
- Rolled Census out to the 36 people who use it each week. In October 2026, 11,942 changes went through it.

Audio Visual Specialist II

Discover · Chicago, IL — Feb 2025 to Sep 2025

- Built a room-check app that replaced the manual round, plus an inventory tool, in Power Apps, Power Automate and Power BI.
- Supported 568+ meeting rooms across six locations in the US and abroad.
- Led and mentored a team of five Level 1 technicians.

Audio Visual Technician Tier 2

Abbott · North Chicago, IL — Oct 2024 to Feb 2025

- Tracked AV assets across five Chicago-area sites against the ServiceNow CMDB to keep inventory records accurate.
- Set up room checks in Power Apps that reported to a Power BI dashboard.

AV Support Specialist

Kirkland & Ellis · Chicago, IL — Mar 2024 to Jun 2024

- Wrote Excel VBA macros for data transfers and room testing, which removed a manual step that caused errors.

Audio Visual Technician

Loyola University Chicago · Chicago, IL · Part-time — Jan 2021 to May 2023

- Maintained campus AV equipment with IT Services while running six or seven events a week.
