John Geddes

AV and Software Engineer

Chicago, IL 60618 · (612) 790-3691 · johngeddes@pm.me · johngeddes.org · linkedin.com/in/therealjohngeddes

SUMMARY

AV and software engineer with five years of AV work and a Computer Science degree. Supports 88+ Logitech rooms at The Aspen Group and built Census, the asset platform its IT team uses every day.

SKILLS

AV: Q-SYS, Crestron, Neat, Logitech, Biamp Tesira, Shure, Cisco, Microsoft Teams, Zoom, Webex

IT and endpoints: Microsoft Intune, Jamf, Microsoft Entra ID (Azure Active Directory), ServiceNow, Snipe-IT

Software: TypeScript, JavaScript, React, React Native, Expo, Node.js, Express, SQL

Cloud and data: Google Cloud Run, Cloud SQL (MySQL), Firebase, Firestore, Docker, GitLab CI

WORK EXPERIENCE

Senior Desktop Support Engineer

The Aspen Group (TAG) · Chicago, IL — Sep 2025 to Present

- Upgraded four 20+ person meeting rooms to Neat and rebuilt the boardroom from Crestron and Q-SYS to Neat and Q-SYS with 360-degree cameras.
- Repaired and upgraded six divisible Q-SYS and Crestron training rooms that hold 120+ people.
- Support 88+ Logitech meeting rooms across the TAG network and handle AV and endpoint problems for the C-Suite directly.
- Built Census, a React and TypeScript asset platform on Snipe-IT that reconciles 14 outside systems across 48,243 assets and is used by 36 people each week.
- Designed the onboarding, shipping, returns and chargeback processes Census runs, giving the team back about 314 hours a month.
- Train TAG's five-person IT team in AV and administer Microsoft Intune, Jamf, ServiceNow and Entra ID.

Audio Visual Specialist II

Discover · Chicago, IL — Feb 2025 to Sep 2025

- Supported 568+ meeting rooms across six locations in the US and abroad on an enterprise Microsoft Teams estate.
- Led and mentored a team of five Level 1 technicians, setting troubleshooting practice for the group.
- Installed and programmed Crestron, Q-SYS and Biamp systems and the networking behind them.
- Built a room-check app and an inventory tool in Power Apps, Power Automate and Power BI, replacing a manual round.

Audio Visual Technician Tier 2

Abbott · North Chicago, IL — Oct 2024 to Feb 2025

- Serviced 160+ meeting rooms across five Chicago-area sites in a Cisco ecosystem with Biamp, QSC, Shure and ClickShare.
- Monitored room health in Crestron XiO, Q-SYS Designer, Vyopta and ThousandEyes to catch faults before users reported them.
- Tracked AV assets against the ServiceNow CMDB to keep enterprise inventory records accurate.

AV Support Specialist

Kirkland & Ellis · Chicago, IL — Mar 2024 to Jun 2024

- Configured Cisco and Crestron systems with Shure microphones across about 144 meeting rooms in a single building.
- Wrote VBA macros in Excel to automate data transfers and room testing, removing a manual step that caused errors.

Audio Visual Technician

Loyola University Chicago · Chicago, IL · Part-time — Jan 2021 to May 2023

- Ran AV for about six to seven campus events a week on analog mixers, Crestron systems and projectors.
- Configured and supported Microsoft Teams and Zoom for campus video conferencing with IT Services.

Computer Science Intern

Brag House · Part-time — Jan 2022 to May 2022

- Developed front-end features for the company's iOS app and website in React Native, React, HTML and CSS.
- Designed and implemented the Brago game inside the iOS app, then redesigned the app's look in Figma.

Software Intern

TLC MilliMeter Wave Products · Minneapolis, MN — Jan 2020 to Aug 2020

- Moved the company from an on-site code repository to Bitbucket and trained staff on git so the switch held.
- Flew drones for a US Air Force collaboration on a radar system for identifying hostile drones.

PROJECTS

Cipher Tracker — cipher-app.org

React Native app for iOS and Android that encrypts every entry on the phone with AES-256, so the server only holds ciphertext. Lock-screen timers in Swift and Kotlin, 3,822 passing tests. In App Store preparation.

Rambler Registrar — github.com/jgeddes3/RamblerRegistrar

Course scheduler for Loyola students on Expo, Express and Puppeteer. Builds every conflict-free timetable from up to eight courses and scores each one, walk time between buildings included. Covers 2,082 courses.

Paper Trail — papertrail.company

Budgeting tool that runs only in the browser. Reads PDF, CSV and OFX statements, encrypts them in IndexedDB with AES-GCM, and makes no network requests. 102 tests.

EDUCATION

Loyola University Chicago — 2019 to 2023

Bachelor of Science in Computer Science, Minor in Philosophy
Student Government representative for the Computer Science department.
